Gan Music — Standard Release Agreement

Template for review. Not legal advice. Final terms are confirmed in writing for each release.

1. Parties

This agreement is between Gan Music (the "Label") and the undersigned artist (the "Artist") for the master recording identified in Schedule A (the "Track").

2. Grant of rights

The Artist grants the Label the exclusive right to distribute, market and monetize the Track on all digital platforms worldwide for the term below. The Artist keeps authorship and remains credited as the Artist on every release.

3. Revenue share

The Label receives 70% of the net revenue generated by the Track online (streaming, downloads and digital licensing). The Artist receives the remaining 30%. Net revenue means amounts actually received by the Label, after platform and distributor fees.

4. Statements and payment

The Label sends the Artist a clear statement of earnings and pays the Artist's share on a quarterly basis, within 45 days after the end of each quarter.

5. Label commitments

The Label releases the Track and promotes it through its channels as it deems appropriate, which may include its Spotify and Apple Music playlists, YouTube channels, DJ mailing list and partner social media accounts.

6. Artist promotion

Within four (4) weeks following the release date, the Artist publishes at least one (1) post on Instagram or TikTok, at the Artist's choice, using the Track as its sound.

7. Artist warranties

The Artist confirms the Track is original, that all samples are cleared, and that no third party holds conflicting rights.

8. Term

[To be confirmed — e.g. X years from the release date.]

9. Governing law

[To be confirmed.]
